## U. S. TREASURY SURPLUS, END OF FISCAL YEAR

### BUDGET DIRECTOR LORD ANNOUNCES HAPPY FINDINGS

INSTEAD OF EXPECTED \$200,000,000 DEFICIT WILL HAVE \$60,000,000 SURPLUS

SURPLUS CONTINGENT ON CUSTOMS, ETC. CONTINUING AT PRESENT RATE

(By United Press)  
Washington, May 5.—The United States treasury will show a surplus of \$60,000,000 of estimated receipts over expenditures for the fiscal year ending June 30th instead of the expected deficit of \$200,000,000, Budget Director Lord estimated today.

The surplus, Lord said, is contingent on customs and internal revenue receipts continuing at the present unprecedented rate which will yield a return in customs of \$540,000,000 and in internal revenue of \$2,515,000,000.

"It is also dependent upon the continued restriction of governmental expenditures to the estimated figures which have been established and within which the cooperative figure of all the government departments and officers have so far been successful in maintaining their activities.

Lord estimated that on the basis of the present outlook the total cost of running the government's operating departments for the present fiscal year may be less by \$200,000,000 than in the fiscal year of 1922.

Budget bureau officials said the estimate of \$540,000,000 on customs receipts was very conservative as it now appears the figures will be to \$550,000,000 or higher, because of the steady increase in foreign commerce.

### MAY RECOMMEND SOME MODERATE TAX REDUCTIONS

Washington, May 5.—The administration is preparing to recommend moderate tax reductions to the next congress. The recommendations will include revision of the income tax rates on incomes above \$5,000 and below \$50,000. The normal rate affecting incomes below \$5,000 probably will not be reduced.

Some means will be sought of shaving the taxes now imposed on business. Just how this will be worked out has not been decided as administration leaders say it will have to be handled carefully because of the drive that will be made for re-enactment of the excess profits tax.

The way was paved for the tax reduction program by the statement issued today by Lord, director of the budget. Lord in predicting a \$60,000,000 government surplus this year in place of the \$200,000,000 deficit which the country had been lead to expect, opened the door to a demand for a tax reductions.

### CHARGED WITH BIG EMBEZZLEMENT

(By United Press)  
Indianapolis, Ind., May 5.—Arrest of Thomas L. Hildebrand, former cashier of the First National bank of having embezzled \$337,150 was ordered today by federal authorities. The warrant for arrest of the cashier was issued by U. S. Court Commissioner Charles W. Moores. Bank officials made good the shortage officials announced. S. J. Peabody, president, was reported to have put up \$250,000 of the required amount.

### Argentine President Asks Return to League

Buenos Aires, May 5.—Reincorporation of Argentine in the League of Nations will be proposed by President Alvear in his annual message to congress next Monday, according to La Nacion.

## Strong Earthquake Does Much Damage in Chile

### TOBACCO CULTURE TO BE NEW INDUSTRY IN CROW WING COUNTY

Charles Lien, state tobacco expert, motored to Brainerd from his headquarters in St. Cloud to instruct farmers in the methods of raising tobacco. A number of growers in this section are interested, and will experiment with it this year, promising to increase their acreage, if the experiment is successful.

Stearns county raises quite a tobacco crop and Crow Wing county may also be a producer of considerable magnitude.

### DEMAND CARE FOR VETERANS

### LEGION EXECUTIVES FROM EVERY STATE POST MEET IN MILL CITY

(By United Press)  
Minneapolis, May 5.—Legion executives from every post in Minnesota today are meeting to demand proper care for veterans.

This is the chief business before nearly 900 commanders and adjutants of the 535 Minnesota posts in session at the Curtis hotel here.

The demand will be made for an investigation of conditions in hospitals of the state by Adjutant Stafford King of the Minnesota department.

Mr. King started debate on the hospitalization question with the report of the results of his investigation.

Another investigation is now being made by Adjutant General W. F. Rhinow at the request of Governor J. A. O. Preus.

Two demands probably will be made on the federal board in hospitalization. They are:

Immediate construction of the neuro-psychiatric hospital at St. Cloud with a capacity of 500 beds instead of 250 as now planned. Construction of a 500 bed hospital for tubercular war veterans.

There are no government hospitals in Minnesota to take care of tubercular cases, Mr. King said.

### STRAWBERRY PICKERS CLAIMED IN PEONAGE

(By United Press)  
New Orleans, May 5.—Charges that strawberry pickers in Tangipahoa parish are held in a state of peonage by growers, were being investigated by United States authorities today.

Simultaneously with this announcement the department of justice obtained a warrant charging Benjamin Hischen, strawberry grower of Independence, Louisiana, with holding a negro woman and her two daughters in a state of slavery. The investigation and warrant followed a report made to United States Attorney Burns by a son of the negro who claimed he went to the Hischen place to secure his mother's release and was knocked down with a club.

### VITAL ORGANS TO BE EXAMINED

(By United Press)  
Delaware, Ohio, May 5.—Acting on information which they said indicated he had been poisoned, authorities today sent the vital organs of Brainerd Willis, wealthy farmer and uncle of Senator Frank B. Willis to Columbus to be analyzed.

Willis who was 90 years old, died April 17th. His body was exhumed according to B. T. Benton, county prosecutor, on complaint of Mrs. Cora Maddox, Willis' daughter, who charged he had been poisoned by a member of his family who wanted the estate.

Mrs. Maddox, Benton said, gave authorities the name of the relative she suspects of poisoning her father, and he is under surveillance.

### RUMORS THAT PREUS WILL RESIGN POST TO BE NEW U. S. SENATOR

WHEN QUESTIONED TO THAT EFFECT, PREUS SAID HE HAD NOTHING TO SAY

COL. PRATT OF ANOKA, WORLD WAR VETERAN, ALSO MENTIONED FOR OFFICE

(By United Press)

St. Paul, May 5.—Rumors that Governor Preus would resign next week to fill the seat of the late Senator Knute Nelson were met by the governor today with a statement that he had nothing to say.

J. A. O. PREUS

He exhibited to newspaper men a pile of hundreds of letters and telegrams urging him to resign from the governorship and take the senatorship. The exhibits bore out predictions made some time ago that a demand would be built up for him to take such action. They were signed by men who claimed all walks of life and all party affiliations and from all parts of the state.

L. L. COLLINS.

The governor was still non-committal although he admitted he might be able to make an announcement early next week.

The name of Colonel Alfred F. Pratt of Anoka, world war veteran and assistant attorney general for several years and former Anoka county attorney was mentioned today for the senatorship. Whether this was the subject of a conference today between the governor and Attorney General Hilton could not be learned. Indications were that the governor himself would take the job.

### SUGAR DROPS IN N. Y. RETAIL STORES

(By United Press)  
New York, May 5.—Sugar dropped to eight cents a pound in some of the retail stores here following activities of women boycotters.

The pressure of a buyers strike likewise was manifested at the opening of the exchange with prices on raws somewhat lower.

### POLICE RECORDS SAID ALTERED TO SAVE THE NAME OF UNIVERSITY

(By United Press)

Chicago, May 5.—Police records dealing with class warfare at Northwestern University in 1921 when Leighton Mount, freshman, disappeared, were altered to save the "name" of the institution, Oscar Wolf, coroner, announced today.

The coroner, accompanied by other officials, visited Police Chief Leggett of Evanston and learned that he altered the records of hazing on orders from the mayor, Harry Pearson. The mayor had been requested by President Walter Dill Scott of the University to make the changes, Leggett said.

Simultaneously Wolf announced evidence was uncovered which showed beyond doubt that Mount was killed during a class fight.

### ROMANCE LED TO AWFUL MURDER

### GEORGE ROBERTS, LOVELORN, ADMITS KILLING A YOUNG WIDOW

(By United Press)

Grand Forks, N. D., May 5.—Shattering of the first and only romance of a middle aged lover lead to murder, George Roberts, the accused admitted today.

He pleaded guilty to a charge of second degree murder and was sentenced to 12 years in the penitentiary.

Roberts shot and killed Mrs. E. H. Feldhusen, 33, a widow with five children on February 5th. He said he feared he was to be jilted. He is 54 years old and declared Mrs. Feldhusen, was his first love.

Examined by alienists he was pronounced subnormal, but not insane.

### FRANCE, BELGIUM ARE IN ACCORD ON REPARATIONS

TWO NATIONS REACH FINAL AGREEMENT LATE TODAY IN ANSWER TO GERMANY

UNDERSTOOD THAT GREAT BRITAIN IS PLANNING A SEPARATE NOTE

(By United Press)

Paris, May 5.—France and Belgium reached final agreement late today on an answer to the German reparations proposal. Premier Poincare received a Belgian acceptance of his text and announcement that copies of the joint text would be sent at once to the allies.

The note, however, will not be handed to the German Charge D'Affaires in Paris and Brussels until Sunday morning.

It is understood Great Britain likewise is planning a separate note which is said not to be in conflict with the position of France.

There must be no juggling if there are to be negotiations, the French note said. Germany must accept fully the terms laid down.

### FRENCH TRIAL OF KRUPP OFFICIALS

Wetden, Germany, May 5.—Herr von Beulow, brother of the former German chancellor, was called to the witness stand today in the trial of Gustav Krupp von Bohlen and officials at his munition plant to tell details leading up to killing of workers by the French troops.

Bon Beulow is employed at the Krupp works in Essen and told the court how the French soldiers invaded the plant looking for automobiles shortly before the shooting started.

A French soldier testified that the crowd which gathered about him and his comrades made them fear for their lives. It was this fear that lead up to the shooting, he said.

### DIRT FARMER ON RESERVE BOARD

(By United Press)

Washington, May 5.—President Harding today appointed Edward E. Cunningham of Iowa as a dirt farmer member of the Federal Reserve board.

Edward E. Jones of Pennsylvania was named a member of the farm loan board.

### DULUTH GIRLS FOUND; SHOPPING, THEY SAY

Minneapolis, May 5.—"Why, we were on a spring shopping tour," exclaimed two girls late yesterday when a patrolman stopped them at Chicago avenue and Seventeenth street and asked them if they were Sylvia Fitter and Margaret Blake, 16 year old Duluth girls who disappeared from their homes Tuesday.

They admitted that they were the missing girls.

"Minneapolis is a nice city," the Fitter girl said, while her auburn curls bobbed in the wind, "but I wish you would let us do our spring shopping."

They were returned home.

### KILBANE AGREES TO MEET DUNDEE, REPORT

Cleveland, May 5.—Featherweight Champion Johnny Kilbane will meet Johnny Dundee within 90 days after his bout with Eugene Ciriqli, which is scheduled to be held in New York June 2, provided he defeats the French challenger, Tom O'Rourke, promoter of the Kilbane-Ciriqli match, announced here Thursday.

### NEW YORK MAY SOON HAVE NO STATE LAW ENFORCING DRY ACT

(By United Press)

Albany, N. Y., May 5.—New York will be without a state prohibition enforcement law if Governor Smith signs the Cuvillier bill repealing the Mullin-Gage act passed by the senate and assembly late last night.

Millions of dollars worth of illicit booze that has flowed into the United States across New York's border and up her rivers and harbors, may enter unchecked by state officials. Federal officials may have to take over the entire duty of Volstead enforcement.

### HENRY FORD IS THE RICHEST MAN

### AUTOMOBILE COMPANY NOW HAS CASH ON HAND \$159,605,867

(By United Press)

New York, May 5.—Henry Ford is now the richest man in the world, a statement of corporation filed in Massachusetts indicates.

The automobile business, which 20 years ago was capitalized at \$100,000 now has on hand in actual cash \$159,605,867.

This is an increase of more than \$50,000,000 over 1922. His personal statement of fortune is estimated at from \$600,000,000 to \$750,000,000.

John D. Rockefeller was at one time credited with being the world's richest man but since he has given away a billion dollars estimates place his fortune now at \$300,000,000 which leaves Ford in the van.

In cash on hand the Ford Motor company leads. In cash and securities on hand it is second only to one other concern, the United States Steel Corporation. Net profits for the last year are estimated at \$119,000,000.

### FRANCE PROTESTS ON DRY RULING

(By United Press)

Washington, May 5.—France's protest against enforcement of the supreme court's decision barring liquor on foreign ships from American territorial waters was delivered to Secretary of State Hughes today by Ambassador Jusserand.

Jusserand called in person at the state department and spent some time with Hughes. Neither official would comment on the conference. Later it was intimated the exact nature of the French text would be revealed.

Jusserand was ordered by Premier Poincare to file the protest and to point out that enforcement by this government of the booze ban against France's ships might result in interrupting commerce between the two nations.

### MINNESOTA PAPER MILLS STRIKE IS CALLED OFF

International Falls, Minn., May 5.—The strike at the Minnesota and Ontario Paper mills here and Fort Francis was to be called off late yesterday, it was announced here, the men returning to work under protest following an agreement reached in New York between the union representatives and those of the mill.

The men are returning under a contract negotiated yesterday which calls for skilled labor and a minimum wage of 40 cents an hour for common labor. The plants have been closed since May 1, when 900 men walked out.

The strike at the International Lumber company mills here, while still effective, has caused no interruption of work.

### TIDAL WAVE SWEEPS OVER CITY, MANY ARE DEAD, HOMES LOST

QUAKE BEGAN AT 5:40 P. M. LAST NIGHT, MANY OTHER TOWNS MAY BE DAMAGED

### ANDES MOUNTAINS DIPPED INTO THE OCEAN IN STATE OF ATACAMA, CHILE

(By United Press)

Santiago, Chile, May 5.—A strong earthquake shook the state of Atacama in northern central Chile, shaking buildings from their foundations and causing great damage.

The tidal wave which followed, swept over the city of Carrizaville inundating a large area.

The population fled in panic from the buildings and sought refuge in nearby hills. Homes were destroyed and many were believed to have been caught in the sudden onrush of the sea waters.

At Vallenner, a coast village, the chief buildings of the town were shaken on their foundation and lay in partial ruin. Dispatches say there was great damage there, especially to irrigation districts.

No estimates were made as to the loss of life. The quake began at 5:40 p. m. last night, it was said.

Only these two towns were heard from in the areas stricken by the quake and huge waves. A careful checkup of the other sections is being made by authorities to determine the full extent of the disorder. Serious damage and perhaps loss of life in other communities is feared.

The Andes mountains dipped into the ocean in the state of Atacama which is a little more than three hundred miles north of Valparaiso. The region is settled as thickly as the normal Chilean states.

News of the quake caused special interest here because of the recent Chilean earthquake disaster in which 1200 were killed and drowned.

### REP. JOHN M. RAINEY DIED OF PNEUMONIA

(By United Press)

Chicago, May 5.—John M. Rainey, democratic congressman from the fourth Illinois district since 1908, died shortly before midnight at St. Bernard's hospital of pneumonia.

He caught the disease from his daughter Margaret when he was summoned from Washington a month ago because of her illness. Although the child recovered, Rainey was stricken shortly after reaching her bedside. Physicians believed he was out of danger until a relapse set in late Friday.

### 3 INSANE PATIENTS STILL AT LARGE

(By United Press)

Fergus Falls, May 5.—Three insane patients who escaped from the state hospital here Wednesday were still at large today and no trace of them had been found.

Seven escaped and four were captured in the last two days.

### SPEED COP AT ROYALTON

Enforcing Law and Keeping Traffic in Village Limits Down to 10 Miles an Hour

A speed cop named Miles Packard, with Minneapolis experience, has been hired by the village of Royalton to prevent high speed through the town. The council wants traffic held down to 10 miles an hour.

It is claimed that arrests up to 17 in a day have been made in this village, fines aggregating \$5 each. Mr. Packard works on a salary of \$135 a month and is furnished gasoline and oil for his motorcycle and up to date has been very energetic.

### DEMAND CARE FOR VETERANS

### LEGION EXECUTIVES FROM EVERY STATE POST MEET IN MILL CITY

(By United Press)  
Minneapolis, May 5.—Legion executives from every post in Minnesota today are meeting to demand proper care for veterans.

This is the chief business before nearly 900 commanders and adjutants of the 535 Minnesota posts in session at the Curtis hotel here.

The demand will be made for an investigation of conditions in hospitals of the state by Adjutant Stafford of the Minnesota department.

Mr. King started debate on the hospitalization question with the report of the results of his investigation.

Another investigation is now being made by Adjutant General W. F. Rhinow at the request of Governor J. A. O. Preus.

Two demands probably will be made on the federal board in hospitalization. They are:

Immediate construction of the neuro-psychiatric hospital at St. Cloud with a capacity of 500 beds instead of 250 as now planned. Construction of a 500 bed hospital for tubercular war veterans.

There are no government hospitals in Minnesota to take care of tubercular cases, Mr. King said.

(By United Press)  
Washington, May 5.—President Harding today appointed Edward E. Cunningham of Iowa as a dirt farmer member of the Federal Reserve board.

Edward E. Jones of Pennsylvania was named a member of the farm loan board.

### DULUTH GIRLS FOUND; SHOPPING, THEY SAY

Minneapolis, May 5.—"Why, we were on a spring shopping tour," exclaimed two girls late yesterday when a patrolman stopped them at Chicago avenue and Seventeenth street and asked them if they were Sylvia Futter and Margaret Blake, 16 year old Duluth girls who disappeared from their homes Tuesday.

They admitted that they were the missing girls.

"Minneapolis is a nice city," the Futter girl said, while her auburn curls bobbed in the wind, "but I wish you would let us do our spring shopping."

They were returned home.

### KILBANE AGREES TO MEET DUNDEE, REPORT

Cleveland, May 5.—Featherweight Champion Johnny Kilbane will meet Johnny Dundee within 90 days after his bout with Eugene Criqui, which is scheduled to be held in New York June 2, provided he defeats the French challenger, Tom O'Rourke, promoter of the Kilbane-Criqui match, announced here Thursday.

### NEW YORK MAY SOON HAVE NO STATE LAW ENFORCING DRY ACT

(By United Press)  
Albany, N. Y., May 5.—New York will be without a state prohibition enforcement law if Governor Smith signs the Cuvillier bill repealing the Mullin-Gage act passed by the senate and assembly late last night.

Millions of dollars worth of illicit booze that has flowed into the United States across New York's border and up her rivers and harbors, may enter unchecked by state officials. Federal officials may have to take over the entire duty of Volstead enforcement.

### HENRY FORD IS THE RICHEST MAN

### AUTOMOBILE COMPANY NOW HAS CASH ON HAND \$150,605,867

(By United Press)  
New York, May 5.—Henry Ford is now the richest man in the world, a statement of corporation filed in Massachusetts indicates.

The automobile business, which 20 years ago was capitalized at \$100,000 now has on hand in actual cash \$150,605,867.

This is an increase of more than \$50,000,000 over 1922. His personal statement of fortune is estimated at from \$600,000,000 to \$750,000,000.

John D. Rockefeller was at one time credited with being the world's richest man but since he has given away a billion dollars estimates place his fortune now at \$300,000,000 which leaves Ford in the van.

In cash on hand the Ford Motor company leads. In cash and securities on hand it is second only to one other concern, the United States Steel Corporation. Net profits for the last year are estimated at \$119,000,000.

### FRANCE PROTESTS ON DRY RULING

(By United Press)  
Washington, May 5.—France's protest against enforcement of the supreme court's decision barring liquor on foreign ships from American territorial waters was delivered to Secretary of State Hughes today by Ambassador Jusserand.

Jusserand called in person at the state department and spent some time with Hughes. Neither official would comment on the conference. Later it was intimated the exact nature of the French text would be revealed.

Jusserand was ordered by Premier Poincare to file the protest and to point out that enforcement by this government of the booze ban against France's ships might result in interrupting commerce between the two nations.

### MINNESOTA PAPER MILLS STRIKE IS CALLED OFF

International Falls, Minn., May 5.—The strike at the Minnesota and Ontario Paper mills here and Fort Francis was to be called off late yesterday, it was announced here, the men returning to work under protest following an agreement reached in New York between the union representatives and those of the mill.

The men are returning under a contract negotiated yesterday which calls for skilled labor and a minimum wage of 40 cents an hour for common labor. The plants have been closed since May 1, when 900 men walked out.

The strike at the International Lumber company mills here, while still effective, has caused no interruption of work.

### TIDAL WAVE SWEEPS OVER CITY, MANY ARE DEAD, HOMES LOST

### QUAKE BEGAN AT 5:40 P. M. LAST NIGHT, MANY OTHER TOWNS MAY BE DAMAGED

### ANDES MOUNTAINS DIPPED INTO THE OCEAN IN STATE OF ATACAMA, CHILE

(By United Press)  
Santiago, Chile, May 5.—A strong earthquake shook the state of Atacama in northern central Chile, shaking buildings from their foundations and causing great damage.

The tidal wave which followed, swept over the city of Carrizaville inundating a large area.

The population fled in panic from the buildings and sought refuge in nearby hills. Homes were destroyed and many were believed to have been caught in the sudden onrush of the sea waters.

At Vallenner, a coast village, the chief buildings of the town were shaken on their foundation and lay in partial ruin. Dispatches say there was great damage there, especially to irrigation districts.

No estimates were made as to the loss of life. The quake began at 5:40 p. m. last night, it was said.

Only these two towns were heard from in the areas stricken by the quake and huge waves. A careful checkup of the other sections is being made by authorities to determine the full extent of the disorder. Serious damage and perhaps loss of life in other communities is feared.

The Andes mountains dipped into the ocean in the state of Atacama which is a little more than three hundred miles north of Valparaiso. The region is settled as thickly as the normal Chilean states.

News of the quake caused special interest here because of the recent Chilean earthquake disaster in which 1200 were killed and drowned.

### REP. JOHN M. RAINEY DIED OF PNEUMONIA

(By United Press)  
Chicago, May 5.—John M. Rainey, democratic congressman from the fourth Illinois district since 1908, died shortly before midnight at St. Bernard's hospital of pneumonia.

He caught the disease from his daughter Margaret when he was summoned from Washington a month ago because of her illness. Although the child recovered, Rainey was stricken shortly after reaching her bedside. Physicians believed he was out of danger until a relapse set in late Friday.

### 3 INSANE PATIENTS STILL AT LARGE

(By United Press)  
Fergus Falls, May 5.—Three insane patients who escaped from the state hospital here Wednesday were still at large today and no trace of them had been found. Seven escaped and four were captured in the last two days.

### SPEED COP AT ROYALTON

Enforcing Law and Keeping Traffic in Village Limits Down to 10 Miles an Hour

A speed cop named Miles Packard, with Minneapolis experience, has been hired by the village of Royalton to prevent high speed through the town. The council wants traffic held down to 10 miles an hour.

It is claimed that arrests up to 17 in a day have been made in this village, fines aggregating \$5 each. Mr. Packard works on a salary of \$135 a month and is furnished gasoline and oil for his motorcycle and up to date has been very energetic.

## COUNTY BOARD IN SESSION

Proposed Improvement of Road North of Merrifield to Breezy Point Considered

**SCHOOL DISTRICT HEARING**

Mine Inspector August Swanson Files Yearly Report of His Office and Is Of Interest

The board of county commissioners is in regular monthly session today at the court house.

A number of important matters are coming up for discussion at this meeting. One of these, is the proposed improvement of the road north of Merrifield to Breezy Point, that skirts the west side of Pelican lake. Farmers along this route are very anxious to see the road improved, and it will shorten the distance from Brainerd to Breezy Point by a considerable distance.

Representatives from school district No. 4, which is east of Brainerd on the Oak street road have been granted a hearing before the board, and are making a request that this school district be divided.

Mine Inspector, August Swanson, will make the following yearly report of his office, for the year ending December 31st, 1922. This report is of special interest, since it gives a resume of conditions in the mining industry of the Cuyuna range.

To the Honorable Board of County Commissioners, Crow Wing County, Minn.

In conformity with the amendment of the 1923 session to 1913 laws governing reports of mining inspectors, and which amendment requires such reports to cover period from January 1, to Dec. 31, I herewith submit my report for the year ending Dec. 31, 1922.

A decided increase in shipments of ore and in mines operating, together with best prospects for further increases in the near future are the outstanding facts appearing in the report.

Employment is greatly on the increase, wages considerably higher than in last report, and the best of feeling exists between employer and employee, all of which would con-

vince the most pessimistic that a busy profitable season in the iron industry is upon us.

Again we show but one fatal accident, and a decided decrease in minor accidents, indicating clearly that constant care and vigilance, with sincere cooperation and education are bearing fruit.

LOST AND FOUND—CALL 74

No remedy can cure all ailments of the human body, but an immense number of people suffer from aches, pains and diseases when their real trouble is lack of iron in the blood. It is the iron in your blood that enables you to get the nourishment out of your food. Without iron your food merely passes through you without doing you any good; you don't get the strength out of it. There is one universally known tonic that has helped thousands because it contains iron like the iron in fresh vegetables and like the iron in your blood.

**NUXATED IRON**

is an eminent physician's best blood prescription, standardized. It is recommended for all anemic and run-down conditions. It has helped thousands of others. It should help you. Ask for it at any drug store.

## CONTEMPORARY ACHIEVEMENTS

NEWSPAPER announcements of the achievement of Lieutenants John A. MacReady and Oakley Kelly who, in flying from Mitchell field, New York, to North Island station, San Diego, made the first non-stop flight across the American continent, were accompanied by another announcement which told of wireless reaching out to recover a six year old child who had been kidnaped.

Such announcements are a commentary on contemporary achievements. They show that men are attempting to utilize the discoveries of modern science and, in using them, they are finding the defects in the machines which will be overcome by those improvements and adjustments which the human mind will undoubtedly discover. The machine that flies and the machine that talks are on the way to that perfection that will make them servants of humanity. Those who take them as they are, test them to the full, find their defects and attempt to overcome these defects, are making a worth-while contribution to the world.

It may yet be that the World war furthered the interests of peace. The flying machine and the wireless were brought into prominence during that struggle. Both were of advantage to the intelligence service of armies. Both assisted in the work of destruction; one directed the destruction and the other struck. But the development that was demanded by the exigencies of war will be made to serve the interests of peace.

The direction of human energy into channels of usefulness is one of the needs of the age. Much time is wasted and energy expended in doing things that are of no value. Those who dance for many hours in seeking to establish a record for continuous dancing are serving no useful cause, while they may bring upon themselves a permanent injury. Of course, there is room in the world for those players who entertain, but long distance dancing and other senseless undertakings reflect discredit upon those who foolishly enter them.

On the other hand, he who improves the flying machine or the radio will be contributing to the welfare of this generation and of generations yet to be. These will be of value in time of war and these will serve the cause of peace. Perhaps, in their development lies the hope of permanent peace, for as the peoples of the world become more closely linked through newer, speedier and more efficient methods of communication, they will understand each other better and their interests will become more closely related, so that there is promise in the army plane that crosses this continent and in the wireless that follows a lost child, of unlimited communication by air and ether that will further the coming of that age when men shall live in peace.

## ROOSTERS AND RAVENS

SENATOR J. D. SULLIVAN in speaking to the state senate on the goods roads bond issue uttered a clever saying: "I would rather listen to the crowing of a rooster than the croaking of a raven." But that to which one would rather listen is not always that which one should hear. Doubtless the raven has its place in the society of birds as the man who takes a pessimistic view of life has his place in the society of men. The slow-moving citizen who always looks on the dark side until someone else's optimism overcomes his hesitancy is a valuable member of the social order.

But Senator Sullivan was addressing himself to one particular issue and we think that he was perfectly right in what he said about it. The future calls for road construction in Minnesota, and the fears aroused by the past, or the heavy state expenditures of the present, should not stand in the way of the program that looks to the future, unless it is obvious that if this program is carried out the state will be unable to meet the burden imposed upon it. In the case of the bond issue, which would not have raised the taxes, but would have been carried by the automobile owners and the owners of trucks, there was no excuse for an adverse vote because the financial interests of the citizenry of Minnesota were threatened.

When the last word has been said about attitudes to life the fact remains that the world is not safe unless the various attitudes counter-balance each other. The blind optimist who crows like the rooster is not a safe guide, and the unreasoning pessimist who croaks like the raven is not a pace maker. Both have their place in the social order, but neither are equal to the worker who says little, neither crowing nor croaking, but works out the problems of the day, with his eyes on the future.

The blind optimist of today may be bankrupt tomorrow, and the unreasoning pessimist may miss the big chance, but the meliorist who looks facts in the face, is not bound by the past, but serves the present with his eyes on the future, is making the best contribution to his day and the days to come. The cycles of history must not be forgotten, the lessons of the past must not be neglected, nor must one fail to perceive that the future is not to be measured in terms of the past. He who reviews the past, calculates the future, and serves the present with his head in the air and his feet on the ground is the best servant of society.

The man who does things does not crow or croak, he works. Conditions in Minnesota during the past two or three years have not been anything to crow about; but he who has studied them has found nothing to crow about, and has believed that the future is worthy of his faith; and, thinking thus, has desired to play the part of the meliorist by building in the present both roads and farms and factories to meet the demands of the prosperity that lies just ahead. Better to trust the future though it destroy than to sit idly by through fear of its threat.

THE rum fleet flees at the first shot from a government boat. It was a four inch shell and they hit rather hard. The rum fleet believes in a "safety first" policy.

THE mark drops again in value but not in quantity. There are train loads of them in Germany.

A GIRL goes after a dish washing record, and that counts for more than a long distance dance record.

THE United States government will need an enormous bung to stop the foreign rum leak.

## JUNIOR MUSICAL

At the last meeting of the Junior Musical at the home of Miss Leonia Hayes, Friday evening, Mrs. C. L. Burnett gave such a vivid word picture of the Opera "Natoma" that the audience felt that they had actually attended the opera. This illusion was helped by the playing of the "Dagger Dance" by Miss Mildred Skauge, the singing of a charming Indian lullaby by Mrs. Mal Clark, and a well rendered tenor solo "Columbia" by Roy Brown. The audience showed its appreciation of Mr. Brown's work by an enthusiastic recall, but the singer excused himself from responding as he was worn out after a strenuous day of teaching and practicing.

## ELECTION POSTPONED

Business & Professional Women's Club to Hold Same on Wednesday

The election of officers for the Business and Professional Women's club, scheduled for Tuesday evening, has been postponed until Wednesday, May 9th. The meeting will be held in the club rooms over the Lyceum theatre.

Some routine business was conducted at the monthly meeting last Tuesday. A gratifying report was made by the treasurer, Esther Fogelstrom, showing the club to be in excellent standing financially.

Cornelia Stickney is chairman of the Near East Relief work committee and all club members are asked to give any garments that may be spared to this worthy cause.

Regarding the proposition of a factory to manufacture women's and children's garments, a special committee has been appointed to ascertain whether there is sufficient interest in the community to warrant further action by the club. The chairman is Mrs. Earnest Jones, assisted by Lucille Gray, Bertha Miller, Rose Parker and Ethel Campbell.

Bertrice MacDonald a club member now in St. Paul has sent the club a gift of a half dozen Irish linen towels, hemmed ready for use. It is pleasing to know that even though members leave the city, they still take an active interest in the home club.

A committee of fifteen has been appointed to arrange for a May party, Jennie Beck being chairman. It is expected this party will take the form of a picnic, or some kind of out-door affair.

A number of girls from the Brainerd club expect to attend the state Convention at Albert Lea June 8th and 9th. Some may make the trip in their own cars. Registration cards may be obtained from Irlay McCall.

The National convention is to be held in Portland, Oregon, July 9th to 15th. Special rates are an inducement, besides the opportunity to view the wonders of the West, in company with hundreds of enthusiastic club members from all over the country.

A special train in going from the Twin Cities, one car being devoted to dancing and moving pictures. Cities along the route are vying with each other in the matter of offered attractions that will insure stop-overs. A stop-over of 18 hours has been arranged at Banff and one of 24 hours at beautiful Lake Louise. Four hours

have been allowed for sightseeing at Vancouver, and an hour and a half at Victoria. The convention slogan is: "Sing a little, sleep a little, play a little." So all aboard—Westward ho!

# ST. JOSEPH HOSPITAL ADDITION NOW IN USE

Main Building Remodeled, New Equipment Added and other Improvements

## NO FORMAL DEDICATION HELD

Sisters in Charge Will be Glad to Show New Building to All Wanting to View Same

St. Joseph's hospital, conducted by the Benedictine Sisters Benevolent Association, and the oldest institution of its kind in this territory, has just passed another milestone in its very successful career with the completion of its new wing into immediate use, so that it has been decided that no formalities will attend the dedication of the building to the use of the public.

It was the intention of the Association to hold a formal opening to celebrate this event, but owing to the crowded condition of the hospital at the present time, it became necessary to put the new wing into immediate use, practically before it was completed, so that it has been decided that no formalities will attend the dedication of the building to the use of the public.

Knowing of the interest that the people in this locality are taking in the improvements at St. Joseph's, the sisters in charge will be glad to show the new building to all who express a desire to view it.

The wing just completed extends to the north of the main hospital. On the first floor are the quarters occupied by the sisters, including a large community room and a sun porch. The new chapel occupies the northwest corner of this floor. The windows in the chapel are of cathedral glass and the furnishings are entirely new. The rooms used by the sisters can be converted into patients' rooms if necessary.

The second floor is given over to patients entirely, nine rooms thus being added to the hospital facilities. Much could be said of the appointments of this section if space permitted. Each room is light and airy, and is equipped with hot and cold running water, patients' wardrobes, built-in medicine cabinet, Salisbury and Satterlee improved hospital beds with the latest appliances and a sick cabinet equipped with toilet utensils. The transoms above the doors are made solidly of wood, to keep out the light from the halls at night. The rooms are finished in light birch with large doors and hospital hardware. The call system is by electric lights, doing away with the noisy bells. A large sun parlor completes this floor, with its wonderful view of the Mississippi river and the country to the northwest.

The main building is undergoing radical changes from basement to garret. A complete new boiler room is being installed with high-pressure boilers for heating the hospital, and a new roof put on.

A new sterilizing room in conjunction with the operating room on the first floor will be installed and also a new X-ray room with much added equipment including a fluoroscope, which puts the institution in the list of "Class A" hospitals, under the requirements of the American College of Surgeons.

The present diet kitchen on the second floor is to be used as a rest room. The old X-ray room has been converted into a consultation room for the doctors, and larger, more convenient quarters have been arranged for the X-ray equipment.

The office staff takes particular pride in the way in which the hospital records are kept. It is stated that the record room of St. Joseph's is among the best in the state. A detailed history of each case is kept and by means of a modern filing system is immediately available at all times.

The Benedictine Sisters Benevolent Association maintains two charity beds, for the use of patients who are unable to pay for their hospital care, and in several instances, other beds have been used for this purpose.

The new wing and the alterations in the main building were made by the Murphy Construction Co., of St. Paul, and the architect was Thomas H. Eberbee, of the same city. The plans for St. Mary's hospital in Duluth, conducted by the same order of Sisters, and a great many of the buildings of the Mayo hospital at Rochester were drawn by Mr. Eberbee.

Ribbel and J. L. Frederick.

Monthly staff meetings are held according to the requirements of the American College of Surgeons, for hospitals of the "A" class.

The donors included Dr. Thabes, the Brainerd Clinic, Knights of Columbus, St. Francis Guild, Mr. and Mrs. Con O'Brien, Mr. and Mrs. H. P. Dunn, Mr. and Mrs. W. H. Cleary, Mr. and Mrs. B. C. McNamara and Miss Agnes Lamb, of Ironton.

St. Joseph's was started in 1902, and is the outgrowth of the old hospital first conducted by Dr. James L. Camp. Many additions and improvements have been added in this period of time, so that very little of the original quarters remain.

The history of St. Joseph's is one of steady growth and rapid advancement. The institution suffered the loss by fire of its sisters' home, which crippled the hospital service, in that quarters had to be provided in the main building, thus decreasing the actual hospital space. But, like other difficulties, this one was met and eventually overcome.

Brainerd feels a distinct pride in this model institution, which has grown up with the city, and which serves the surrounding territory in such an able manner.

Its reputation has gone far afield, and each year sees an increase in the cases taken care of and the territory served. Much credit is due the Sisters for their conduct of the institution and to the staff of physicians and surgeons who maintain the high standards of efficiency.

**STRENGTH SERVICE**

**TODAY**

Years ago we used oxen, had very few horses, no banks or institutions for saving. Today in order to compete we must have facilities for doing business. The first bank was organized as a necessity and as the country developed, necessity compelled the organization of more and more banks. Exchange, savings, checking accounts and lock boxes are saving the people of this country a mint of money. How can a person rest with money under his pillow, in a stocking, in the mattress or any other place than a regular organized place to keep money and other valuables? A few years ago a person whom we know lost his house and barn with \$5,000 in currency by fire. He had never established a credit at a banking institution. Banks were organized purely from an economic standpoint. It is an economic policy for every man, woman or child to use these institutions. We pay 5% on savings, and endeavor to give 100% service.

# ST. JOSEPH HOSPITAL ADDITION NOW IN USE

Main Building Remodeled, New Equipment Added and other Improvements

## NO FORMAL DEDICATION HELD

Sisters in Charge Will be Glad to Show New Building to All Wish- ing to View Same

St. Joseph's hospital, conducted by the Benedictine Sisters Benevolent Association, and the oldest institution of its kind in this territory, has just passed another milestone in its very successful career with the com- pletion of the new wing into im- mediate use, practically before it was completed, so that it has been decided that no formalities will attend the dedication of the building to the use of the public.

It was the intention of the As- sociation to hold a formal opening to celebrate this event, but owing to the crowded condition of the hospital at the present time, it became necessary to put the new wing into immediate use, practically before it was com- pleted, so that it has been decided that no formalities will attend the dedication of the building to the use of the public.

Knowing of the interest that the people in this locality are taking in the improvements at St. Joseph's, the sisters in charge will be glad to show the new building to all who express a desire to view it.

The wing just completed extends to the north of the main hospital. On the first floor are the quarters oc- cupied by the sisters, including a large community room and a sun- porch. The new chapel occupies the northwest corner of this floor. The windows in the chapel are of cathe- dral glass and the furnishings are entirely new. The rooms used by the sisters can be converted into patients' rooms if necessary.

The second floor is given over to patients entirely, nine rooms thus being added to the hospital facilities. Much could be said of the appoint- ments of this section if space per- mitted. Each room is light and airy, and is equipped with hot and cold running water, patients wardrobe built-in medicine cabinet, Salisbury and Satterlee improved hospital beds with the latest appliances and a sick cabinet equipped with toilet utensils.

The transoms above the doors are made solidly of wood, to keep out the light from the halls at night. The rooms are finished in light birch with large doors and hospital hardware. The call system is by electric lights, doing away with the noisy bells. A large sun parlor completes this floor, with its wonderful view of the Mis- sissippi river and the country to the northwest.

The main building is undergoing radical changes from basement to garret. A complete new boiler room is being installed with high-pressure boilers for heating the hospital, and a new roof put on.

A new sterilizing room in con- junction with the operating room on the first floor will be installed and also a new X-ray room with much added equipment including a fluoro- scope, which puts the institution in the list of "Class A" hospitals, under the requirements of the American College of Surgeons.

The present diet kitchen on the second floor is to be used as a rest room. The old X-ray room has been converted into a consultation room for the doctors, and larger, more convenient quarters have been arranged for the X-ray equipment.

The office staff takes particular pride in the way in which the hos- pital records are kept. It is stated that the record room of St. Joseph's is among the best in the state. A detailed history of each case is kept and by means of a modern filing system is immediately available at all times.

The Benedictine Sisters Benevolent Association maintains two charity beds, for the use of patients who are unable to pay for their hospital care, and in several instances, other beds have been used for this purpose.

The new wing and the alterations in the main building were made by the Murphy Construction Co., of St. Paul, and the architect was Thomas H. Ellerbee, of the same city. The plans for St. Mary's hospital in Duluth, conducted by the same order of Sisters, and a great many of the buildings of the Mayo hospital at Rochester were drawn by Mr. Eller- bee.

The staff of St. Joseph's is headed by Dr. J. A. Thabes, as chief, Dr. B. W. Kelly, Aitkin, vice chief, Dr. B. I. Derauf, secretary, and the following members: Drs. F. H. Allen, Staples; F. R. McHugh, Aitkin; N. W. Morrell, Verndale; F. H. Knickerbocker, Staples; J. J. Ratcliff, Aitkin; A. V. Fankboner, Motley; C. G. Nordin, G. I. Badeaux and M. P. Gerber. The dental members are Drs. G. H. Ribbel and J. L. Frederick.

**STRENGTH SERVICE**

**TODAY**

Years ago we used oxen, had very few horses, no banks or institutions for saving. Today in order to compete we must have facilities for doing business. The first bank was organized as a necessity and as the country developed, necessity compelled the organization of more and more banks. Exchange, savings, checking accounts and lock boxes are saving the people of this country a mint of money.

How can a person rest with money under his pillow, in a stocking, in the mattress or any other place than a regular organized place to keep money and other valuables?

A few years ago a person whom we know lost his house and barn with \$5,000 in currency by fire. He lost more than the buildings and his currency, as he had never established a credit at a banking institution. Banks were organized purely from an economic standpoint. It is an economic policy for every man, woman or child to use these institutions. We pay 5% on savings, and endeavor to give 100% service.

## GIBBONS IN LINE FOR DEMPSEY

By HENRY L. FARRELL  
United Press Sports Editor

New York, May 5.—Jack Dempsey, it is safe to assume, will defend his title once, and perhaps twice, this season in big outdoor shows. Tommy Gibbons probably will be the first opponent for the champion. He should be beyond all doubt.

Gibbons is unquestionably the class of the field that is seeking a chance to oppose Dempsey for the heavyweight championship. Harry Wills is past his prime, Luis Firpo has not reached his prime, and the other contenders are all second-raters, including the highly press-agented Floyd Johnson and the antique Jess Willard.

Firpo, for the present, is out of the question, as Tom Gibbons would massacre him if they ever met. Wills is vastly over-rated. He has made any number of bad showings against such mediocres as Sam Langford, Bill Tate and Clem Johnson.

Gibbons, on the other hand, has had only one bad fight and in that he lost a decision to Harry Greb. But no one seems able to do anything with the fouling, acrobatic Greb.

The St. Paul challenger's list of knockout victims is one of the longest any heavyweight ever acquired, and it contains the names of many set-ups. So does Dempsey's. In criticizing Gibbons for an apparent desire to take on easy things, try and figure how many good men Dempsey has beaten!

Tex Rickard vouches for the statement that Gibbons had to take on third and fourth-raters because the good heavyweights and the trial horses refused to consider a bout with him.

"I have been trying to get a match for Gibbons in the Garden for two years, and I can talk any kind of business to any of the heavyweights," Rickard said recently.

Gibbons has been getting nothing but the "run-arounds" from a certain element in New York that seems to have some kind of a magnetic influence on the wheel that is directing the game here.

First he got a \$15,000 match with that grossly over-rated and over-advertised Floyd Johnson. As soon as Johnson's manager realized what a terrible blunder he had made in accepting Gibbons, he ran Johnson out of the match.

Gibbons didn't have a comeback, as he was told that Jess Willard would be a better card for Johnson and that the show was being run off for sweet charity.

The "powers" then said that Gibbons could fight Jack McAuliffe in the Garden, and the same ones who started to steam up McAuliffe as a great prospect suddenly and strangely changed their tune and declared that the public ought to be protected against another set-up killing by Gibbons.

Bill Muldoon, chairman of the commission, then announced that McAuliffe could not fight Gibbons and at the same time McAuliffe got the "flu."

Then, all the more strange, Muldoon picked McAuliffe as the opponent for Luis Firpo on the Milk Show card.

Figure that out, if you can!

## BILLY WELLS VICTOR OVER JOCK MALONE

St. Paul, May 5.—By defeating James (Jock) Malone, pride of St. Paul, here last night, Bermondsey Billy Wells is now set for a championship fight with champion Mickey Walker.

Wells drilled Malone in six rounds, three of which were even, and one went to Malone. It was a hard

fought battle all the way, both boxers trying to put over a knockout punch.

It was a hard task for Malone to get the ducking, shifting, retaliating Wells.

Malone left the ring after the gong sounded at the end of the tenth round, a battered contender for the championship. Wells stepped through the rope, smiling and without a mark on his face.

Charles Chaplin in "The Pilgrim"

## 'Will 'Dinky' Dean, Who Makes Debut in 'The Pilgrim,' Catch Up With Jackie Coogan?' Film World Asks

Jackie Coogan has a rival for screen honors. And the same man—Charles Chaplin—who was responsible for the launching of Jackie on his extraordinary rise to cinema fame is making it possible for the newcomer to follow in the footsteps of his brilliant little predecessor.

Jackie Coogan was six years old when he made his first screen appearance two years ago in "The Kid," but "Dinky" Dean, the latest child to share honors with Mr. Chaplin and his company of players on the silver sheets, is only four.

"Dinky" makes his debut in Chaplin's latest First National feature production, "The Pilgrim," which will be shown at the Park tonight and Sunday.

And it is a debut that has already guaranteed for him a stardom in motion pictures, for with "The Pilgrim" completed, young Master Dean is already at work on a series of comedies in which he stars.

Such is the magic of association with Chaplin.

"The Pilgrim," like "The Kid," is a feature production, but out-and-out comedy predominating the plot, whereas in the picture that gave Jackie his chance, heart interest and pathos are the dominating notes of the story.

Jackie perhaps had a bigger chance to register emotionally his lovable personality, but in "The Pilgrim"

young "Dinky" Dean is said to have a greater opportunity to display his natural ability in pure comedy vein.

The lad has the role of a precocious youngster who spoils the festivities at the home of the church deacon who gives a party in honor of the arrival of the new parson. Little does the deacon or anyone else suspect that the "parson" (Charlie Chaplin) is an escaped convict masquerading in the clothes of a minister.

The boy runs the gamut of mischief. He slaps the "parson," gets his father's face tangled up in a sheet of sticky fly paper, and mixes up a derby hat in the plum pudding.

The derby just fits the pudding neatly, and the unsuspecting parson, helping in the kitchen, pours the sauce over it, garnishing this piece of resistance at the top with berries.

When it comes time for dessert the "parson" is called upon to serve it. Then the subtle production is said to reach its greatest comedy heights, with "Dinky" Dean sharing honors with the incomparable Chaplin.

In view of the tremendous strides that Jackie Coogan has made since his initial association with the great comedian maker of juvenile stars, one wonders whether young Master Dean will be able to duplicate his pace.

But, like Jackie, he has had his start, so now all that the world can do is just sit back and watch him go.

## Cecil B. De Mille's "Fool's Paradise" Displays Many Animals

See Cecil B. DeMille Production "Fool's Paradise" at Paramount Picture

Children as well as grown folk will enjoy Cecil B. De Mille's great Paramount picture, "Fool's Paradise" when it is shown at the Lyceum theatre for three days beginning Sunday. The picture sets a new mark in the number and variety of wild

animals and reptiles shown in motion pictures. With a plot that varies between the Mexican border and Siam, unusual opportunity was given Mr. De Mille for the employment of four-footed beasts, birds and reptiles.

## FRANK MORAN KAYOED BY STUDENT IN BRAWL

Paris, May 5.—A University of Chicago freshman knocked out Frank Moran at a Montmartre bar because he thought the fighter had insulted him.

Moran, who is trying to arrange a bout with Battling Siki, engaged in a lively discussion with the young collegian, which ended in fistieuffs. The end of the short engagement came when the freshman administered an uppercut to Moran's jaw and the fighter went down for the count.

Spectators picked up the fighter, but the prospects of his bout with Siki are not improved by the incident.

## Thomas Meighan in George Ade Picture

One of the most charming pictures seen here in many a day, was "Our Leading Citizen," starring Thomas Meighan, Paramount star, which was shown with great success at the Lyceum theatre last night and which will be repeated tonight.

The scenes of the story are laid in a small town and Mr. Meighan is seen as a humdrum lawyer who ultimately makes good and wins the love of a beautiful girl. Lois Wilson is the leading woman.

The boy runs the gamut of mischief. He slaps the "parson," gets his father's face tangled up in a sheet of sticky fly paper, and mixes up a derby hat in the plum pudding.

The derby just fits the pudding neatly, and the unsuspecting parson, helping in the kitchen, pours the sauce over it, garnishing this piece of resistance at the top with berries.

When it comes time for dessert the "parson" is called upon to serve it. Then the subtle production is said to reach its greatest comedy heights, with "Dinky" Dean sharing honors with the incomparable Chaplin.

In view of the tremendous strides that Jackie Coogan has made since his initial association with the great comedian maker of juvenile stars, one wonders whether young Master Dean will be able to duplicate his pace.

But, like Jackie, he has had his start, so now all that the world can do is just sit back and watch him go.

## FRANK MORAN KAYOED BY STUDENT IN BRAWL

Paris, May 5.—A University of Chicago freshman knocked out Frank Moran at a Montmartre bar because he thought the fighter had insulted him.

Moran, who is trying to arrange a bout with Battling Siki, engaged in a lively discussion with the young collegian, which ended in fistcuffs. The end of the short engagement came when the freshman administered an uppercut to Moran's jaw and the fighter went down for the count.

Spectators picked up the fighter, but the prospects of his bout with Siki are not improved by the incident.

## Thomas Meighan in George Ade Picture

One of the most charming pictures seen here in many a day, was "Our Leading Citizen," starring Thomas Meighan, Paramount star, which was shown with great success at the Lyceum theatre last night and which will be repeated tonight.

The scenes of the story are laid in a small town and Mr. Meighan is seen as a humdrum lawyer who ultimately makes good and wins the love of a beautiful girl. Lois Wilson is the leading woman.

From the Cecil B. De Mille Production "Fool's Paradise" A Paramount Picture

Children as well as grown folk will enjoy Cecil B. De Mille's great Paramount picture, "Fool's Paradise" when it is shown at the Lyceum theatre for three days beginning Sunday. The rupture sets a new mark in the number and variety of wild

animals and reptiles shown in motion pictures. With a plot that varies between the Mexican border and Siam, unusual opportunity was given Mr. De Mille for the employment of four-footed beasts, birds and reptiles.

The list includes peacocks, monkeys, bears, elephants, snakes, donkeys, crocodiles, canary birds horses and a lamb. Several large blue cobras, the most poisonous of their species, are used in a temple sacrifice in Siam.

AN ACT, entitled an act to legalize certain proceedings heretofore taken for the drainage of lands in certain cases, and county bonds issued or that may be issued in connection therewith,  
it enacted by the Legislature of the

State of Minnesota:  
Section 1. DRAINAGE PROCEEDINGS  
REGULARIZED.—Where the county board of  
any county of this state, or the judge of  
any of the district courts of this state, in  
pursuance of Chapter 230 of the Laws 1903,  
and the acts amendatory thereof or supplu-  
mentary thereto, has located and established,  
or attempted to locate and establish, any  
ditch, drain or water course, wholly within  
any county of this state, or partly within  
two or more counties thereof, and it has been

determined by resolution adopted by said board, or order made by said judge, that said drain, ditch or water course will be public utility and promotive of or conducive to the public health, and that the benefits, or estimated benefits, to be derived from the construction thereof are greater than the total cost, including damages awarded, and such drain or water course has been actually constructed in accordance with the plans and specifications filed by the engineer therein, or of the contract made in accordance with the specifications.

formance with such plans or specifications, the county, has, or the counties have, entered into a contract or contracts for the construction thereof, and the county auditor has, or the county auditors has or have, any of them, have executed and filed in the office of the Register of Deeds, the tabular statement provided for in said act, making assessments for the cost of the location, establishment and construction of the same, within such county, against the lands, corporations and roads benefited thereby, and the

Section 550, General Statutes Annotated, and the same hereby is amended so as to read as follows:

"550. The interest for any legal indebtedness shall be at the rate of six dollars upon one hundred dollars for a year, unless a different rate is contracted for in writing; and no person shall directly or indirectly make or receive in money, goods, or things in action, or in any other way, any greater sum, or any greater value, for the loan or forbearance of money, goods, or things in

tion, than eight dollars on one hundred dollars for one year; and in the computation of interest upon any bond, note, or other instrument or agreement interest shall not be compounded, but any contract to pay interest, not usurious, upon interest overdue, shall not be construed to be usury. Contracts shall bear the same rate of interest after they become due as before, and any provision in any contract, note, or instrument providing for an increase of the rate of interest after maturity, or any increase therein after mak-

ing and delivery, shall work a forfeiture of the entire interest; but this provision shall not apply to notes or contracts which bear no interest before maturity."

CHAPTER 72—S. F. No. 98.

AN ACT providing for the issuance of county bonds for the purposes of the county's general ditch fund.

Be it enacted by the Legislature of the State of Minnesota:

Section 1. DEFINITION.—“Drainage ditch bonds” as used herein, mean any bonds issued under the provisions of Chapter 230, General Laws, 1905, or of any act amendatory thereof or supplemental thereto.

Sec. 2. APPLICATION. This act shall apply and be operative in the case of any

county which, at any time, shall have paid any of the principal or interest of any of its drainage ditch bonds (1) with moneys in its general ditch fund applicable to a ditch other than the ditch in connection with which such bonds were issued, or (2) out of county funds other than the general ditch fund, or (3) out of the proceeds of county warrants issued and outstanding, and a shortage in respect to the general ditch funds exists by reason thereof, and also in the case of any county where it shall, at any time, appear

that the moneys in its general ditch fund will not be sufficient to pay in full the principal and interest of its drainage ditch bonds, it became necessary according to their laws within one year following the date of the county auditor's certificate hereinafter provided for.

Sec. 3. COUNTY BOARDS AUTHORIZED TO ISSUE DITCH BONDS—INTEREST RATE.—The county boards and supervisors are authorized and empowered to issue and sell, from time to time, the county's bonds for the purposes of its general ditch fund.

The maximum principal amount of such bonds outstanding in the case of any county shall not at any time exceed the sum of Seventy-five Thousand Dollars (\$75,000.00). Such bonds shall be designated Drainage Funding bonds or by some other appropriate name. Their issuance shall be authorized by resolution of the county board, and they shall be signed by its chairman and attested by the county auditor, who shall affix his seal. They shall bear interest at a rate not exceeding six per cent per annum, payable

semi-annually, and shall mature serially in annual installments, as nearly equal as conveniently may be, the first installment to be payable in not more than five years, and the last installment in not more than fifteen years from the date of said bonds. They shall be sold as provided by Sec. 186, General Statutes, 1913.

Sec. 4. AUDITOR SHALL MAKE CERTIFICATE.—Before any bonds shall be authorized or issued under the provisions hereof, there shall be first presented to the coun-

ty board and entered in its records, a certificate signed by the county auditor under his seal. This certificate shall state (1) the amount which will be required to make good any existing shortage within the meaning of Section 2 hereof, and (2) the probable amount which will be required to pay the principal or interest of the county's outstanding drainage ditch bonds to become due within one year from the date of such certificate. The certificate shall state such amounts in detail, and shall specify the part thereof to be paid by the county and the part thereof to be paid by each of the owners of the

count, ditch and such certificate of the count, auditor shall have conclusive evidence that the county has authority to issue bonds under the provisions hereof to an amount not exceeding the aggregate amount specified in any such certificate, and not exceeding in the aggregate the sum of seventy-five thousand dollars (\$75,000), as provided in Section 3 hereof.

plied to the purpose for which they are issued. The county auditor shall keep a separate account with each ditch in connection with which any of the proceeds of any such bond are used, and when the collection of assessments on account of such ditch at any time produces a surplus in excess of the obligation on account of such ditch to the general ditch fund, such surplus shall be applied to the payment of the principal or interest on such bond.

bonds which a county may issue hereunder, shall be general obligations of the county, but shall not be included in determining such county's net indebtedness under the provisions of any applicable law.

Sec. 7. This act shall take effect and be in force from and after its passage.

Approved March 22, 1929.
